Angela Barilar with her beloved breeding stallion Sinatra Song by Sandro Hit Angela passed away on Saturday, July 31 after a short illness. She discovered just four months ago she had stage four brain cancer and embraced the remainder of her life the way she has lived all along, with humor, love and her passion for her family, her horses and her farm. Angela Barilar has always been a constant presence at Dressage at Devon Breeder Division where her quality horses and

foals represented the American Breeder in action. There is no doubt that her presence will live on in ...

Jaimie Holland with Her Father Jan “Who Loves You Baby!” a voice yelled out from the stands as one of the Canadians entered the ring. To those who had never heard that voice before there was a moment where heads turned to find where that strong proud voice came from. Yet, for the Canadians it was no surprise. Ellen Dvorak, Chef d’Equipe of the Canadian Junior and Young riders from the Ontario, Canada team didn’t bat an eye. “His name is Jan Holland and he comes to all of his daughter’s events and supports her and everyone else,” she explained ...

Tip of the Week When  
the Belly Hurts the World Stops!

Many horses suffer from stress related digestive problems. Studies show over 50% of show and race horses have ulcers in their GI tract. When the proper acid-base balance of a horse's digestive tract is disturbed, gastric and/or intestinal ulcers may develop. This increased intestinal permeability creates a pro-inflammatory state that may lead

Tip of the Week  
IN THE HEAT AND

HUMIDITY

ELECTROLYTES TO THE RESCUE! When it's time to sweat, Electrolytes must come to the rescue! With record temperatures and high humidity plaguing our horses, care must be taken to keep your horse hydrated and healthy. That is when giving your horse Electrolytes is essential. Sodium, chloride, potassium and magnesium are the primary electrolytes (ions) needed by a working horse. When ions are balanced, they promote water consumption and retention, which can eliminate dehydration and other health problems. Electrolytes will keep your ...

Wayne, IL - Strong night-time thunderstorms delayed the start of Saturday's competition at the Lamplight Equestrian Center, giving way eventually to a lovely day that started with 11 junior riders competing for the Gold in the USEF Dressage Medal Seat 13 & Under Final presented by Dressage Today. Anna Campbell, aboard her new mount Mai, ended up on top, making her trip from Dallas, TX, well worth the effort. Silver was awarded to Jorde Trudel on Tunnes from Eagle, ID, while Michigan's Kerrigan Gluch on Bijoux was awarded the Bronze. The focus then turned to the Markel/USEF Young Horse Dressage ...

July 22, 2010 - Providing your “easy keeper” horse with the best nutrition is hard enough, especially with the millions of products out on the market. Yet, what are you to do if your horse is not an “easy keeper” or if your “easy keeper” suddenly surprises you with a bout of colic or some other ailment. The answer is to just give him some “Cookies with a Clue.” You have your colicky horse with the super sensitive stomach or your overweight horse that no matter what the diet still ...
