ALL•IN•ONE - Equine Supplement

Advanced Potential Through Nutrition

With A Proprietary premixed multi-supplement, encompassing all aspects of health for the Equine Athlete.

Why Should I supplement My Horse?

The ALL•IN•ONE - Equine Supplement is a proprietary blend of specially selected nutrients designed for optimal equine health and disease prevention.

This proprietary blend contains:

Dried Lactobacillus Acidophilus Fermentation Product, Dehydrated Alfalfa Meal, Stabilized Flax, Dried Kelp, Algae Meal, Yeast Culture, Choline Chloride, Natural Source of Vitamin E (d-alpha-tocopheryl acetate), Ferric Choline Citrate Complex, Cobalt Choline Citrate Complex, MSM, Glucosamine Sulphate, Copper Choline Citrate Complex, Zinc Methionine Complex, Dried Aspergillus Oryzae Fermentation Soluble, Dried Bacillus Subtilis Fermentation Soluble, Charcoal, Diatomaceous Earth, Monosodium Phosphate, Potassium Amino Acid Complex, Magnesium Amino Acid Complex, Zinc Amino Acid Citrate, Magnesium Amino Acid Citrate, Potassium Citrate, Copper Amino Acid Citrate, Beta Carotene, Lecithin, Garlic, Dried Aspergillus Niger Fermentation Soluble, Bifidobacterium Bifidum, Lactobacillus Plantarum, Enterococcus Faecium, Lactobacillus Acidophilus, Aloe Vera Gel, Vinegar, Potassium Iodide, Cloves, Dandelion Extract, Geranium Extract, Ginger Extract, Horseradish, Parsley.

Raising the Standard in Equine Supplementation Facts About The ALL•IN•ONE - Equine Supplement

- Human Grade Pharmaceutical Ingredients
- Formulated using Standardized GMP Manufacturing
- Enzymatic Activated • Fully Chelated ingredients for Maximum Absorption
- State Registered • Always Fresh • Always the Right Dosage

**Nothing to mix or measure,
no more wondering
what supplements to feed.
Just open and pour over feed, 1 each day.**

**Also available in 10, 25 and 50 pound
bulk bags.**

Box Contents:	31 Individually wrapped pouches
Package Contents:	A proprietary blend of 2 oz. of essential nutrients for the Equine Athlete

To Order Call: 1-519-463-9640 or email: gabrielesutton@aol.com

ALL•IN•ONE - Equine Supplement

The ALL•IN•ONE - Equine Supplement addresses the following areas of horse health:

Benefit	Use
Reduces the risk of colic, gas, ulcers, and digestive disorders. Improves feed and nutrient absorption and supports optimal body weight by preventing Dysyosis. Gently clears the digestive tract of toxins and allows for optimal equine bowel function.	Gut and Digestive Health
Acts as a natural anti-viral and anti-bacterial agent, addresses parasitic infestation, offers fly and mosquito control. Improves thyroid and glandular function by stimulating T4 cell activity, immune function and metabolic rate.	Immune and Glandular Health
Offers natural anti-inflammatory agents and delivers maximum nutrient support for stiff tendons, sore muscles and stressed soft tissues. Rebuilds joint cartilage and offers optimal joint support for young and older horses.	Joint and Cartilage Health
Rebuilds muscles and soft tissue and prevents muscles tears, "over-use syndromes" and tissue loss via optimal nutrition. Maximum supplemental support for horses undergoing training and endurance. Reduces and treats inflammation and pain.	Muscular and Tissue Health
Frees lungs of toxic debris, mucus and inflammation. Opens airways for maximum oxygen intake and carbon dioxide exchange. Enhances breathing, helps prevent common equine respiratory illnesses including coughing and wheezing.	Respiratory Health
Stimulates healthy coat and hair by regulating oil secretion needed for a healthy shiny coat. Delivers maximum nutrition to prevent common skin disorders including dandruff and flaky skin. Allows for healthy hoof development by preventing hoof rot and stimulating hoof circulation.	Vibrant Skin and Hoof Health

Following human pharmaceutical principles, The ALL•IN•ONE-Equine Supplement is manufactured under the GMP standards - which means "good manufacturing procedures". This assures that the supplement is made under stringent guidelines, making it safe for your horse.

All ingredients are carefully selected. Each 2 oz. pouch contains the same high quality ingredients as the next pouch. Each pouch has the same freshness and potency as the next, which is assured through a standardization process.

To avoid oxidation (loss of potency) and contraindication (fighting) with and cancelling each other out) each ingredient is chelated BEFORE the formula is mixed together. Once compounded, the formula is enriched with pro-biotic (friendly bacteria) and live enzymes to help digestion and to assure that the horse can fully absorb the supplement. Packed into individual FDA approved - food grade bags to assure a consistent feeding dosage and quality, 31 pouches are then placed into an environmentally-friendly cardboard box awaiting shipment.

KAM's HEALING BANDAGE

Wound Care Management the All "Natural" Way

KAM's HEALING BANDAGE is an all-natural healing herbal salve. Olive Oil and beeswax have been combined to create the base. This allows the Olive Oil to carry the healing herbs deep into the wound to promote healing from the inside out, minimizing the occurrence of scar tissue. The beeswax covers the wound with a breathable, waterproof, flexible and protective coating that repels flies.

Ingredients:

Olive Oil, Beeswax, Pascalite Clay, Golden Seal, Bee Pollen, Yarroway, Chlorophyll, Oregon Grape, Cramp Bark, Shavegrass, Myrrh, Aloe Vera Oil, Cod Liver Oil, Tea Tree Oil, Propolid, Calendula, Honey.

Directions:

Apply a thin coat of **KAM's HEALING BANDAGE** 1-2 times per day as needed. Frequent wound cleaning and changing of wound dressing may be detrimental to the healing process.

Uses:

Minor and major injuries, cuts and scrapes, rain rot, rope burns, saddle sores, skin disorders, hoof conditioner and moisturizer.
Available in a 16 oz (480 mL) size.

CAUTION: Do Not Ingest

To Order Call: 1-519-463-9640 or email: gabrielesutton@aol.com

KAM

Daily Electrolyte

Equine Ionic Nutritional Support

Sodium, potassium, calcium and magnesium are the primary electrolytes (ions) needed by a working horse. When ions are balanced, they promote water consumption and retention, which can eliminate dehydration concerns and other health problems.

The unique property and benefit about **KAM Daily Electrolyte** is that all of these ingredients are available to the horse immediately. **KAM Daily Electrolyte** is the **only** product on the market which ensures a balanced blood chemistry level, by addressing potassium and calcium blood levels.

Unlike other products on the market **KAM Daily Electrolyte** does not burn or cause gut discomfort, nor does it contain chloride. Most "over the counter" electrolyte products contain chloride which immediately oxidates in the gut, leaving sodium ions of which the horse cannot stop absorption into the blood. Consequently, sodium replaces potassium at the cellular level and hinders nutrient transfer.

KAM Daily Electrolyte was designed to reverse this phenomenon and to restore balance. **KAM Daily Electrolytes** offer full-spectrum ions that assist in preventing tying-up muscle cramping, anhidrosis, synchronous diaphragmatic flutter or diarrhea.

GUARANTEED ANALYSIS

Calcium (Ca) (min)-----	0.50 %	Sodium (Na) (max)-----	1.00 %
Calcium (Ca) (max)-----	1.00 %	Potassium (K) (min)-----	3.00 %
Sodium (Na) (min)-----	0.50 %	Magnesium (Mg) (min)-----	0.20 %

Ingredients

Citric Acid, Potassium Citrate, Calcium Sulfate, Sodium Hydroxide, Amino Acetic Acid, Magnesium Sulfate, Sodium Sulfate, Silicone Dioxide.

Directions

Feed daily, as part of your horses diet on warm days and/or when horse is in training or work.

Feed 4 scoops per 1000 pound horse per day.
2 scoops in the morning and 2 scoops in the afternoon.

Available In

7 pound container
13 pound container
30 pound bulk bag
